

# Aaron Williams

## Junior Web Developer / Front-End Developer

Beaufort, NC | 912-246-5965 | aaronswilliams17@gmail.com

Portfolio: aaronswilliams17-dot.github.io/portfolio

### Professional Summary

Junior Web Developer with hands-on experience building real-world websites using HTML, CSS, responsive layout principles, and basic JavaScript. Founder of an independent civic education platform, managing site structure, content, design decisions, and technical implementation end-to-end. Currently pursuing an Associate of Applied Science in Cybersecurity & Coding while transitioning from a long-term technical service background into front-end development.

### Technical Skills

HTML5, CSS3, Responsive Design, Mobile-First Layouts, JavaScript (fundamentals), GitHub, GitHub Pages, WordPress, VS Code, Accessibility basics, Semantic HTML

### Projects

#### **The Citizen Constitution Project** — Founder & Web Developer

Designed and built an independent civic education website from concept to launch. Implemented responsive layouts, structured navigation, and accessibility-conscious design. Manage ongoing updates and content expansion.

#### **Small Business Websites** — Front-End Developer

Built multiple informational websites for local businesses with a focus on usability, clean layouts, and mobile responsiveness.

### Professional Experience

#### **Wheatly Boys Tire & Automotive Repair** — Mechanic (2022–Present)

Diagnose and resolve mechanical and electrical issues using systematic troubleshooting. Communicate technical solutions clearly to customers.

#### **Lowe's Home Improvement** — Customer Service Associate / Merchandising Service Team (2008–2022)

Provided customer-focused support, managed product layouts, and developed strong communication and problem-resolution skills.

### Education

Associate of Applied Science (AAS) — Cybersecurity & Coding  
Craven Community College (In Progress, Expected Completion: 2028)
